

## HENRY BOSWORTH IN RACE FOR GOVERNORSHIP IN OLD KENTUCKY

State Auditor Who Has Helped  
to Bring About Fairer Valuation  
of Franchises of Big  
Corporations Is a Candidate  
For Democratic Nomination.

Taxation For Rich and Poor  
Alike in His Platform.

To the Democrats of Kentucky:

After due reflection I have fully decided to become a candidate for the Democratic nomination for governor of this great state. I do this with a full sense of the high responsibility incurred, if nominated, and the obligations that will rest upon me if elected.

I have been a Democrat all my life and have never voted against a party nominee. My father before me was a Democrat, and I am proud to say that I have five brothers of the same faith, all of whom have been equally loyal with myself to the Democratic faith, and I now ask that the people of this great commonwealth shall

railroad companies and other corporations liable to a franchise tax had been inadequately assessed for many years, and consequently were not paying their fair proportion of the taxes due the state and the counties and cities therein. During my campaign for auditor in 1911, I pledged the people that, if elected, I would fully and fairly investigate this subject and, if I found that the franchises of these corporations were not fairly assessed, as chairman of the board I would use my power to correct any official delinquency that had theretofore existed in that respect.

Soon after entering upon my official duties as auditor I caused a careful examination to be made of the reports made by all corporations for assessment purposes to ascertain whether these corporations in the past had been adequately assessed for the purposes of finding out the truth as to the actual value of this character of property in the state.

I had this information carefully prepared, in writing, and when the time came to assess these franchises laid it before my colleagues on this board. The result of the investigation I made of this subject showed that most of the small companies doing business in the state had previously been properly assessed; but the large corporations of the state, those with great power and political influence, had been grossly under-assessed (either by design or through incompetency). One of the most glaring examples of favoritism extended by my predecessors in office was that of

tended by the companies that the property of the railroad companies was assessed at more than its real value by the present board, and that the assessment against farm lands and city lots must be raised before the assessment against the property of the railroad companies could be increased.

I do not believe the farm lands of this state are generally assessed for taxation and valuation as low as one-half of their real value. If the value of the farm lands of this state should be estimated by capitalizing the net income derived therefrom on the basis of 6 per cent, which method is employed to find the value of railroad property, it would be demonstrated that real estate at present is assessed at approximately the full value thereof. In other words, if the same mode or method of ascertaining value should be applied to find the value of real estate it would be shown that real estate is assessed at its full value. The court, preliminary to issuing an injunction, required the companies to pay on a valuation greatly in excess of any sum they had paid on in previous years. The aggregate increase in the amount of taxes paid by these companies in the year 1912 over the year 1911 was about \$125,000. In the years 1913 and 1914 a like sum was collected from these companies. During the three years of my administration these four companies have paid to the state \$375,000 more in taxes than was paid by them during a like period of time under the administration of my immediate predecessors. These suits now pending, when decided, will determine finally the amount of taxes these companies will have to pay annually to the state in the future, and the question of the real value of this property will no longer be open to discussion.

It is important that the question of value of these franchises should be judicially determined and forever settled, because the belief has prevailed in this state among all the people for some years that the big corporations of the state were always active in politics of the two dominant parties in the state, with the end in view of being favored in the assessment of their franchises. With franchises of corporations assessed at their real value, as they should be, the corporations will be taken out of politics in this state, as they ought to be.

As auditor of the state for the past three years I have also been a member of the sinking fund commission of the state and, having information gained while acting in that capacity, I believe I am thoroughly familiar with the fiscal affairs of the state. I am in favor of, and, if elected, will advocate the passage of a law that will require that all state supplies used at all state institutions to be purchased by the competitive bidding system, and that the lowest open bid for supplies furnished all institutions be accepted, and I believe the state could easily save \$100,000 a year by inaugurating such a system.

I am in favor of and will work for, if elected governor, the establishment of a system of taxation that will be fair and just to rich and poor alike, and that will cause the lifting of personal property for taxation, which now, because of the rate of taxation, makes taxing districts does not tax any taxes at all, and that will place the burden of taxation where it belongs, on those best able to bear it. I am in favor of such legislation, or of a constitutional amendment, if necessary, to put a fixed and definite limit upon the rate of taxation in Kentucky, a step which I believe will cause our officials to follow a policy of economy and efficiency in the handling of the people's funds.

I am opposed to the convict labor system and favor the abolition of the present contract system and the elimination of the competition with organized labor that is the direct result of it. I am in favor of the use of convicts to produce what is needed by the state institutions and of the purchase of a farm on which they may labor in the open air to produce the foods needed in these institutions.

I am in thorough sympathy with the farmer, having been a farmer and living on a farm all my life. I will do all I can as governor for the great agricultural interests of Kentucky and the men and women engaged in it. As long as the farmer is prosperous every other interest in the state is prosperous, and all her people share in the prosperity as well as in their prosperity.

If I am elected governor I will do all I can to further the good roads movement, and all that is possible to secure a liberal appropriation for the schools and their continued improvement.

If the people want for governor of the state a man who will devote his time and what talents he may have entirely to their welfare, without regard to any future political preference (for I believe there can be no higher office, certainly no higher honor, than the governorship of the state in which I was born and reared), there is no reason why the officials of the state should fail to give to the state the same devotion to duty as is exacted by any business corporation of its employees, and I promise the people not only to devote that time myself to their interests, but so far as I may have the power to see that every other employee in executive departments of the state government does the same. A full day's work for a full day's pay will be the motto followed in the governor's office if I am elected, and it will apply to all the other departments over which I may have even the semblance of control or influence. HENRY M. BOSWORTH.

the Cincinnati Gas Transportation company. The franchise of this company was assessed for the year 1911 at \$30,824 and paid to the state taxes on that assessment amounting to \$154. For the year 1912 the franchise of this company was assessed by the present board at \$1,866,385 and paid to the state that year the sum of \$9,321 in taxes, and a like sum for each succeeding year.

During the four years of my administration this one company will have paid to the state in taxes on its franchise on the assessment made by this board the sum of \$37,324, whereas, had this board permitted the assessment of previous years to stand, it would in four years have paid the state \$616. The state will have received from this company on the increase of its assessment in four years the sum of \$35,708, enough to pay the salary of state auditor for ten years.

The total assessed value of the franchises of all corporations in the state for the taxing year of 1911 was \$48,241,647, on which the state received in taxes the sum of \$241,218.32. The total assessed value of the franchises of all corporations in the state made by the present board, of which I am chairman, for the year 1912 was \$122,121,415, on which the state due the state amounted to \$612,107. On this assessment of the increase of the revenues of the state amounted to \$370,889 a year. In four years the increase in revenues of the state from this source will amount to \$1,500,000 in round numbers.

The four largest railroad companies in the state brought suit in the federal court in Kentucky enjoining the collection of the increased taxes levied on their franchises. The principal grounds relied upon by these companies to maintain their suit was, in substance, that the farm lands and other real estate in Kentucky was not assessed at more than one-half of its real value (it was not seriously con-

### SMELLED FIRE IN TIME

County Attorney Burch Saves Hotel  
From Serious Conflagration

The acute olfactory powers of County Attorney W. S. Burch, who has a room at the St. Asaph hotel, was probably all that saved this well known hotel from destruction by flames, or at least, a serious conflagration on Wednesday night. Mr. Burch was awakened some time about midnight by the smell of smoke, and immediately sensing that something was wrong, he rang vigorously on the call bell. Night Clerk Mose Cooley opened the door from the office, to answer the bell, and found the hallway filled with smoke. Mose got hurriedly on the job of finding the fire, and located it in the cellar, near the furnace. It had not gained much headway, so that he soon had it extinguished, and everything safe and sound again but a few moments longer and serious trouble would have been encountered.

### RED HOT STOVE EXPLODED

And Miss Ella May Saunders Had  
Very Narrow Escape

Miss Ella May Saunders, the well known and popular milliner had a very narrow escape from serious injury at the Veranda Hotel, where she makes her home with her mother, Mrs. Joseph Coffey, on Wednesday morning. She was standing by the kitchen range, when the water box suddenly exploded, scattering pieces of red hot stove about like shrapnel from a bomb. By the luckiest chance in the world, none of the pieces struck her, though she was fully in range, and her friends are congratulating her on her narrow escape. The stove is almost a total wreck.

### LATEST WAR NEWS

Germany struck terror into the heart of England Wednesday when a German warship fleet bombarded three English coast towns. For the first time in centuries England has been struck by a foreign foe. A fleet of swift German cruisers crept through the fog to the eastern coast and turned their guns against the Britons. When day broke they began the bombardment of three important towns—Hartlepool, at the mouth of the Tees; Whitby, 35 miles southward and Scarborough, noted as a pleasure resort, 15 miles beyond. Hartlepool suffered most.

There two battle cruisers and an armored cruiser were engaged and at this place the greatest loss of life occurred. The British War office fixes the total number of dead at Hartlepool at seven soldiers and 22 civilians and the wounded at 14 soldiers and 50 civilians.

At Scarborough where a battleship shelled the town, 13 casualties are reported, while at Whitby two were killed and two wounded. Men, women and children of the civilian population were left dead or wounded, struck without warning while at breakfast or at work. In all the casualty list totals 110, according to the official estimates, of whom 31 are known to be dead. Three churches were damaged, the gas works and lumber yards at Hartlepool were set afire and the abbey at Whitby was struck. The Admiral Hotel at Scarborough received the full effects of a shell. A number of houses and shops were shattered and partly burned in each of the towns. The hostile ships escaped in the mist after an encounter with coast guard vessels patrolling the neighborhood, which were re-enforced as soon as the presence of the Germans was signalled to other ships of the British fleet.

One of the greatest victories of the war is also claimed by the Germans on hand this week. The Berlin official statement contains these words: "The Russian offensive against Silesia and Posen has been completely broken down. In the whole of Poland the enemy was forced to retreat after fierce and stubborn frontal battles and is being pursued everywhere. A semi-official statement from Berlin speaks confidently of the situation in the east and says that the Austrians appear to have achieved their first actual successes against the Russians in the last few days in western Galicia."

All the recent official communications issued by both the allies and the Germans referred to the allied offensive from Ypres to the sea. Consequently, the Germans are on the defensive.

A British squadron is still standing off the coast and has aided the attacks in the vicinity of Nieuport, but nowhere has marked progress been noted. It may be said nevertheless that the attempt of the allies to push the Germans out of Belgium has definitely begun and that the results so far reported in Flanders have converted the German line into a series of tenaciously held positions rather than a straight front; at many points allied wedges have been driven in.

### HUSTONVILLE

Seventy head of the finest meat  
hogs ever remembered being slaugh-  
tered in this community were slaugh-  
tered on Dec. 8th, although it was  
not very cold on that day, but very  
disagreeable under foot. Lots of the  
citizens took advantage of the op-  
portunity and had their hogs killed.  
It snowed all day and melted al-  
most as fast as it fell. It froze that  
night and cooled the large meat out  
alright.

Rev. B. F. Swindler, pastor of the  
Carlisle and East Hickman Baptist  
churches, preached to the Baptist

A narrow escape of being burned  
up was witnessed by Mr. Wm. Camp-

when smoke was discovered in the  
house and on investigation was  
found that the floor under the sheet  
iron cook stove, which was resting  
flat on the floor had entirely burned  
out the size of the stove and was  
ready to burst into a blaze, but was  
quickly extinguished by Mr. Camp-

The annual bazaar given by the

sale at the Emporium store and will  
be there until after the holidays,  
so call and take a look and see what  
is on hand, you would like to pur-  
chase for Xmas presents. Good music  
was rendered by different ones  
during the day and night. Miss Mar-  
garet Rout of Peyton's Well, was  
on hand and lent a hand in seeing  
that the guests were well cared for  
at the table. Uncle Foddie was gen-  
eral waiter for the occasion and was  
kept busy all the time until a late  
hour at night when all went home,  
well pleased with their undertaking,  
which will long be remembered by all  
who were present. The proceeds of  
the occasion amounted to \$150. The  
visitors all seemed to be greatly de-  
lighted with their visit to the Em-

next December to take part in the  
great time that will be presented  
again. Aunt Jennie also enjoyed the

Being Considered By Those Who  
Want To Build Pike

Dr. H. S. Doolin, of Somerset,  
one of the good roads live wires of  
Pulaski county, came to Stanford  
Monday morning and spent the day  
here boosting for the proposed pike  
connecting the capital of Pulaski  
with the capital of Lincoln. Dr.  
Doolin says that two routes are under  
consideration by the Pulaski  
authorities, one connecting Somer-  
set with Crab Orchard and the other  
with Wayneburg and thence with  
Stanford via the Wayneburg pike.

Dr. Doolin brought to County Judge  
James P. Bailey, of Lincoln county,  
a letter from County Judge R. F.  
Jasper, of Pulaski, on the subject,  
which is also endorsed by County  
Attorney G. W. Shadown. The letter  
reads as follows:

Somerset, Ky., Dec. 12, 1914.  
Judge James P. Bailey, Stanford,  
Ky.

My Dear Judge:—The Pulaski  
County Fiscal Court has agreed to  
appropriate a liberal sum to apply  
on some county seat road next year.  
The road to get the first appropriation  
will be the one that gives the  
Fiscal Court in donations the most  
money, \$5,000 being the smallest  
amount to be considered.

We would like very much if your  
Fiscal Court could see their way  
clear to agree to meet us on either  
the Stanford or Crab Orchard road.  
So, if either of those roads secures  
the largest donation in this county,  
we could have an outlet for the  
termination of our pike, then that  
would put your county on an im-  
portant stand with regard to the  
two roads.

Hoping you and your court can  
see your way clear to make the  
above mentioned provisions.

I am your respectfully,  
R. F. JASPER  
G. W. SHADOWAN,  
County Attorney.

TO EXTEND BOONE WAY

James Maret Now Working on Ex-  
tension of Historic Highway.

Secretary Jane Maret, of the  
Commercial Club at Mt. Vernon (the  
"Mountain Gateway") having suc-  
ceeded in getting "Booneway" an-  
nounced on the map from Cumberland  
Gap to Crab Orchard, is now out  
work on a proposition to extend the  
highway "on to Chicago" via Louis-  
ville, passing through the cities of  
Stanford, Danville, Harrodsburg,  
Lawrenceburg and Shelbyville to  
the Falls City; thence via Seymour  
and Indianapolis to the Windy City.

There are good turnpikes over the  
entire line from Crab Orchard to Chi-  
cago, and the expense of improving  
these highways, to put them in proper  
condition to deserve the name of  
Boone Way, "official route," etc.,  
would not be great.

All concerned, that have been  
heard from, are much pleased with  
the proposition and declare their  
cities and counties will see to it that  
the highway through their domains  
is improved and kept in order and  
proper condition.

The matter has reached that stage

### POLITICAL ANNOUNCEMENTS

The Interior Journal is authorized to announce the following candidates for office, subject to the Democratic primary in August, 1915:

**For Circuit Judge.**

C. A. HARDIN, of Mercer county.

CHAS. C. FOX, of Boyle county.

**For Commonwealth's Attorney.**

E. V. PURYEAR, of Boyle County.

E. W. KEENON, of Mercer county.

Address all communications to The Interior Journal—not to some individual connected with the paper.

No matter how important they may be, assigned and anonymous communications to The Interior Journal, are ignored. The name of the sender is wanted as an evidence of good faith and not for publication. If you have something you want to appear in The Interior Journal, you must sign your name to it.

The Interior Journal charges for obituaries, resolutions of respect and cards of thanks. The rate is five cents a line.

The Interior Journal has one of the largest job printing establishments in central Kentucky and will be glad to figure with anyone on any kind of printing.

Mrs. Pearl Gravitt, a Bourbon county lady, saved her money and instead of putting it in a bank where it would have at least made her three per cent interest, kept it hidden away in an old trunk. When she went to get the money the other day, the whole amount, \$918, had been stolen. There's no need to point the moral. Three mighty good banks are advertising in the I. J. for the privilege of taking good care of your savings for you.

Read Henry M. Bosworth' platform in his race for the democratic nomination for governor in this issue. Mr. Bosworth knows it pays to use of the country newspaper, and also that a candidate ought to let the people know exactly where he stands on important questions, and he is going about the matter in the right way.

**Young Mother Dies**

Mrs. Maud Lee Langford, aged 28 years, died of tuberculosis on Thursday, and is survived by her husband, William L. Langford, a farmer, and two children, aged five and three years. She was a faithful member of the Christian church, and expressed her readiness to go. Funeral services were held at the home on the Middleton Lynn farm at one o'clock Friday, by Rev. Green followed by interment in Buffalo Springs cemetery.

**Owsley Farm Withdrawn at \$95**

The farm of the late S. E. Owsley near Hubbs was withdrawn at \$95 an acre by Administrator B. W. Givens, who held a sale there Wednesday. It is understood that the place was held at \$100 and will be sold privately at that figure. Stock and other offerings sold well. The extreme cold weather kept the crowd down but many were present. S. B. Sanders later rented the farm at \$1,000 a year.

**Give a Useful Christmas Present**

Nothing is more appropriate than a piece of Furniture, a nice rug, a chair, writing desk, lamp, and your wife would appreciate nothing better than a new stove. LETS NOT FORGET our friends whom we love and whom we want to make glad and and cheerful and above all LETS NOT FORGET that class whom He said you have with you always. It takes so little to make one cheerful. Only to remind them they are not forgotten. Never since time began, never since the first Christmas morn have there been so many homeless, heartbroken, hungry, unhappy men, women and children in the world. Let us not give extravagantly nor sparingly, but in wisdom and love. We show many not expensive things you can give.

Please take your time and make your selection so you will not have to exchange it.

### GET TO THE CAUSE

Stanford People Are Learning The Way

There is but little peace or comfort for the man or woman with a bad back. The distress begins in early morning—keeps up throughout the day. It's hard to get out of bed, it's torture to stoop or straighten. Plasters and liniment may relieve, but cannot cure if the cause is inside—the kidneys. When suffering so, use Doan's Kidney Pills, the tested and proven kidney remedy, used in kidney troubles for over 50 years. Doan's Kidney Pills are recommended by thousands for just such cases. Proof of their effectiveness in the testimony of this Stanford resident:

"One of my family was troubled by dizzy spells and weakness of the kidneys," says Mrs. J. M. Lunsford, of R. F. D. No. 4, Stanford. "He had backache and was very stiff and suffered from severe pains across his loins. Hearing of Doan's Kidney Pills, he used them and was relieved from the first. He is no longer troubled and we are sure that the cure Doan's Kidney Pills made is permanent."

Price 50 at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lunsford recommends. Foster-Milburn Co., Props., Buffalo, N. Y.

### THAT COLD YOU HAVE

may bring sickness, doctors bills and loss of work; you know that serious sickness usually starts with a cold, and a cold only exists where weakness exists. Remember that.

Overcome the weakness and nature cures the cold—that is the law of reason. Carefully avoid drugged pills, syrups or stimulants; they are only props and braces and whips.

It is the pure medicinal nourishment in Scott's Emulsion that quickly enriches the blood, strengthens the lungs and helps heal the air passages.

And mark this well—Scott's Emulsion generates body-heat as protection against winter sickness. Get Scott's at your drug store to-day. It always strengthens and builds up.

R. K. Young, the Asher county stock buyer, who is a popular visitor on the local market each court day, has engaged 40 heifers to be fed by Manning brothers, near Hustonville. Mr. Young intended to bring them to Stanford market but did not do so on account of learning at the last minute that no stock sales would be permitted here court day. The Messrs. Manning will put the heifers on grass and silage. They now averaged from 600 to 700 pounds each.

R. C. Arnold, of Stanford, has been buying some hogs the past week. T. W. Jones has been doing the shipping out of Stanford, and other buyers have shipped with him since the quarantine. ### School Case in Highest Court

The official record in the contest case of P. M. McRoberts against G. L. Penny over the school trustee election in Stanford was filed with the court of appeals at Frankfort today by Attorney G. D. Florence, representing Penny. Penny was elected by a majority of two on the face of the returns, but in the contest brought by McRoberts, Judge Hardin struck off a sufficient number of the votes cast for Penny, as having been illegal, to give the victory to McRoberts. Attorneys for Penny are now taking an appeal from the circuit court to the state's highest court.

### The Rook Club

The Rook Club was entertained in a most delightful way by Mrs. A. H. Severance at the home of Mrs. H. J. McRoberts on Logan avenue on last Tuesday afternoon. The afternoon was an extreme winter one, but it takes more than cold to keep club members away. With the exception of only a few, most all were present. All were made to feel that the holiday season was near, by the Xmas greeting tally cards and also the delicious refreshments served at the conclusion of the game. The substitutes of the afternoon were Mrs. Arthur Hill, Mrs. Russell Brown, Mrs. E. J. Brown and Misses Jessie Cook and Mary Bruce. Mesdames D. M. Walker, Will Severance and Mrs. W. A. Tribble won the highest score for the afternoon.

PICTURE shows Friday and Saturday nights.
